## Instructions:

Print and cut this schedule template and the associated schedule strips. Work with your child/children (include siblings and cousins) to discuss and develop the overall plan for the holiday.

Glue the strips in the correct order on the schedule template and use this visual support to remind your children about the plan, what is happening next, and when they can have a break.

This can help the holiday feel more predictable and manageable. Cousins and siblings will probably like checking the list with your child as well. It can provide a conversation topic when sometimes it is hard for them to think of things to say to each other.

The "oops" strip is available if you need to make an unscheduled change in the original plan. (ex; a last minute trip to the store). Use the strip to show on the schedule, where the unplanned event will occur.
